EDUCATION

•Bachelor of Engineering in Computer Science and Engineering

2023–2027

University College of Engineering, Kanchipuram

CGPA: 8.2

•Higher Secondary Education

2021–2023

Bharathiyar Higher Secondary School, Attur

Percentage: 88%

PERSONAL PROJECTS

•OS Style Portfolio

A personal portfolio website designed with an operating system (OS) interface concept.

- Engineered a portfolio website with OS-like UI including windows, taskbar, and navigation system
- Implemented smooth animations and transitions, improving user engagement by 30%
- Showcased 5+ projects with structured layout and optimized performance
- Enhanced UI responsiveness across devices for seamless user experience
- Technology Used: HTML, CSS, JavaScript, React.js

•E-Mart

A responsive e-commerce website built using HTML, CSS, and JavaScript for simulating online shopping.

- Developed a front-end e-commerce platform supporting 50+ products with search functionality
- Implemented dynamic cart system with add/remove/update features using JavaScript
- Optimized UI interactions, improving user experience by 25% and reducing load time by 20%
- Designed responsive layout ensuring compatibility across mobile and desktop devices
- Handled real-time price updates and product filtering for efficient user interaction
- Technology Used: HTML, CSS, JavaScript

EXPERIENCE

–Data Analytics Internship

Dec - Jan 2026

Hyundai Motor Company

Offline

- * Analyzed 10,000+ data records using Python to identify trends and business insights
- * Built data preprocessing pipelines, improving processing efficiency by 35%
- * Developed 5+ visualizations using Matplotlib and Seaborn for reporting
- * Cleaned and transformed datasets, reducing inconsistencies by 20%
- * Utilized Pandas and NumPy for handling and analyzing large datasets

TECHNICAL SKILLS AND INTERESTS

Languages: C/C++, Python, Javascript, HTML+CSS

Libraries : Python Libraries, ReactJs

Web Dev Tools: Nodejs, VScode, Git, Github

Frameworks: ReactJs

Cloud/Databases: MongoDB, Firebase, Relational Database(mysql)

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.

Areas of Interest: Web Design and Development.

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability

ADDITIONAL INFORMATION

Languages: English (Work Professional Proficiency), Tamil (Native)

Certifications: Infosys – Big Data 101, IBM – Customer Engagement, Process Control

Activities: Solved 100+ problems on LeetCode, focusing on Data Structures, Algorithms, and problem-solving. Practiced design-based problems including system design and object-oriented design concepts.
